Securing the Building

Description of ministry: The Calvary church building that St. John's uses needs to be secured after the second worship service. Persons serving in this ministry would lock doors, adjust thermostats, turn off lights, set the alarm and secure the front doors.

Special skills or talents needed: Must be able to climb stairs to turn off light panel. Training will be provided to learn how to secure the building. Compassion for the media team who have been present and serving since very early each Sunday morning.

Time commitment: Takes about ten minutes after people leave the building following the second worship service. Usually can start securing the building around 11:45 or noon. With enough volunteers, a rotation system could be maintained to share the responsibility of securing the building.

Length of commitment: One year

Helpful information: Nursery workers secure the education building. Media team secures the projection system and sound board. A key would be provided.
